

## Using Inferences from Text to Connect with Student-Centered Themes

### Instructions:

1. Find a quote from a text that resonates with you or a particular theme and add it to the first column titled "Quote and Page Number".
2. Think about where you see examples of this theme in real world and personal experiences and add this to the second column titled "Our Inferences".
3. Lastly, outline the message we can learn from this text that applies to our personal experiences and place it in the last column titled "Our Message".

Quote and Page Number	Our Inferences	Our Message

Follow Up: How do these themes connect to SEL Skills (Growth Mindset, Social Awareness, Self-Management, Self-Efficacy) or Quality Action Plan (QAP) Goals (SSCC, AAS, HAY)
